I'm the fool who waits and sees  
 If you'll make it home tonight  
 Or are we just a tragedy  
 Of this emergency

You talk of us in future tense  
 but I just want to live in the present  
 You're half a woman and half a cause  
 and I can't take anymore because I  
 need you now so desperately  
 I hear them marchin' down our street  
 In this emergency.....

D E  
 I can't blame you for the way that you feel  
 F# A7  
 The pain in your heart 'cause of what they did  
 D E  
 But before you turn these streets into brimstone and dust  
 C# D E  
 Remember, my darling, what about us
