C G Am F
Here I go fallin' off of the edge of America again, oh oh oh
C G Am C
Here I go fallin' off the edge of America again

Jackie said "I'm freakin', Hold on, man, don't let go
I'm sorry for what I done to you, just don't leave me on my own
Take that letter in my pocket, but don't read it whatever you do
It's a just a note and a lock of her hair, send it back to her, it's cool
I don't want to talk about it, words just cause too much pain.....

C
Got my back to the Pacific
G
I'm a million miles from home
Am
On a tightrope called America
F C G
With no place left to go

Jackie says it's over, I can see the dawn comin' up
All along the Tenderloin, Ice Man shootin' up
And all the drunks are stumblin' home, at least, they got stars in their eyes
But now she's put me behind her, do you really call this a life
Nothin' to do but go on, turn your collar to the rain.....
