THE NIGHT BELONGS TO US

G Emin
 Sometimes we sleep in the day
 C D
 But we always make love in the night
 G Bmin
 Holding on to ourselves
 c D G
 We pray let everything be alright
 Bmin Emin
 But it's all just a matter of faith
 C D
 And occasionally of trust
 G Bmin
 Let them hold onto their days
 C D
 The night belongs to us

①

All through the heat of the day
 I pray for the cool of the night
 This city is hard on the heart
 But the darkness will soothe and delight
 It's all in the touch of your hands
 The way that you wear your clothes
 Let them hold on to their days
 the night belongs to us

to chorusing

Can't take the strain anymore
 I feel like I'm coming apart
 The angels are watching the street
 Their bullets are aimed at my heart
 But if I can cross Avenue A
 And make it safe to your house
 Let them hold on to their days
 The night will belong to us
