I know you've been packin'
Your clothes are all on the bed
You got your red dress on - you're outa here today
Just give me one last chance
I'll turn the whole thing around
I can't make it without you, I swear it, girl, I swear
I got two tickets at LaGuardia for anywhere, anywhere
Oh Kathy, come with me
I gotta see this man in Union Square

Just trust me, trust me
Don't look at me like that
Trust me, trust me
It's gonna all work out.
I can't live without you, darlin'
I can't live without your hair
I can't live without your lips
But I gotta make one last stop down at Union Square
