 One starry night as I lay dreaming

 One starry night as I lay in bed
 G C G
 I dreamed I heard wagon wheels a creakin'
 D C G
 When I awoke, love, I found you had fled

I'll search the highways, likewise the byways
 I'll search the boreens, the camping places too
 I will inquire all of our people
 Have they tide or tidings or signs of you

For it's many a mile with you I've traveled Horns: B C D B A G
 Many's the hour, love, with you I spent B G B A

Repeat

I'll go across the sea to England
 To London or to Birmingham
 And in some public house I'll find you
 Lamenting your lost love back home

I'm drunk today and I'm seldom sober
 A constant rover from town to town
 When I am dead and my sorrow's ended
 Molly Bawn, a *storeen*, come and lay me down

One starry night as I lay dreaming
 One starry night as I lay in bed
 I dreamed I heard wagon wheels a creakin'
 Now that you're gone, love, I might as well be dead
