Additional lyrics

2. The dawn threw up across the sky
We kissed like boy and girl
But neither of us was innocent
We'd both been screwed by the world
We clung onto each other
For fear we'd drift away
Ah you touched me to my heart's desire
On the dawning of that day
3. I wonder where you are tonight
Hope you're feelin' fine
In some saloon or afterhours
The men around you like flies
I keep on searchin' everywhere
I know just what I'm doin'
Ah you're somewhere out there right in front of me
On down the road to ruin
