Additional lyrics

2. I went around in a daze for a couple of years
 With the blood in my veins frozen over with tears
 And I did anything that they asked me to do
 'Cause all I could see was that picture of you
 And the young ones passin' by'd say, "How's about you, real hard man?"
 Deep down inside I was just a castle of sand
 Still got that picture of you locked away from the start
 Developin' inside my fanatic heart
3. Now I walk through New York like a grey silhouette
 Tryin' hard to remember what I'm supposed to forget
 That look in your eyes on the twelfth of July
 When the sirens were screamin' and the flames lit the sky
 Hey I sleep with other women and I hold them through the night
 'Cause all I wanna do is just get on with my life
 But (if) that picture of you won't let me make a new start
 It's frozen inside my fanatic heart
